

Cusco and Machu Picchu Itinerary: 3, 4 or 5 Days

Three day-by-day plans built with our tours. They start with the Sacred Valley and Machu Picchu, which are lower than Cusco, and leave the highest day trips for the end: the order we suggest to acclimatize to the altitude, based on CDC recommendations (not medical advice).

"From" prices per person, as of 24 October 2026. Confirm the price and availability when you book.
